People were created to be friends of God, but because we wanted to please ourselves, we chose to go our own way without God. Our friendship with God was spoiled. This going our own way means doing things that God does not want us to do or taking no

interest in God. This is what the Bible calls sin.

God is holy and good while people are sinful. The difference between God and people is so great it is like a great, deep valley keeping them a long way from each other. People are always trying to reach God and find the full, best life by doing things themselves, such as trying to be good, obeying the laws of the land and being kind to others. But people can never reach God by their own effort.
